NOTICE

This is a public document and will be posted as part of the public record. Any attachments, pictures, and information submitted will be subject to disclosure in accordance with applicable law, including the Public Records Act.

Meeting Date	Sunday, October 6, 2024
Agency	City Council
Item Type	Agenda Item
Item Number or Subject	Support decreasing speed limits
Position	Support
Comments	<p>Hello I live in Village at the Park community and support reducing speed limits especially around Rancho Rosal. However additional action is needed to truly reduce car speeds such as speed bumps and adding stop signs. Otherwise most people will still continue to drive fast even if the speed is reduced. People are on their phones or just zoned out when driving. Reducing speed limits is a great start but it will only work in addition to other measures.</p>
