Good Morning Mike,

Thank you for taking my call earlier today.

I received an update after the call. We have an upcoming capital project on W. Daily Dr (closer to the Las Posas Rd. intersection). It involves the replacement of the current regulation station at that location.

The estimated start date for the project is Q4 2024 – Q1 2025. The construction will have minimal impact to the city.

Let me know if you have any questions.

Best regards,

Akinwande (Akin) Akinwunmi
