**Item Number or Subject** Callegaus Creek Bike Path

**Position** Support

**Comments** I have lived here for 21 years. I can access the path by walking to the end of my street. I walk, jog or ride my bike along the bike path almost every day. The original asphalt path has not been repaved since it was first constructed. It is in desperate need of repaving. We need to have this done in this fiscal year that just started last week. The path is dangerous in some locations due to its condition. PLEASE discuss this and approve it to be repaved prior to June 30, 2025.
