Camarillo, CA 93010

Subject: Five Year Capital Improvement Projects

Dear Mr. Sanchez:

The following is provided in response to your letter dated March 19, 2024 requesting information on capital projects. Calleguas has the following projects planned in Camarillo in the next five years.

| Project  | Location and Description   | Estimated Cost | Project Status     |
|--|--|----------------|--------------------|
| Somis Farmworker Housing SMP Discharge Station | Metering station for discharge of brine and recycled water from the farmworker housing development adjacent to the North Pleasant Valley Desalter into the Salinity Management Pipeline.       | ~\$300K        | Design in progress |
| OSR Feeder and Santa Rosa Hydro Improvements   | Improvements to address surge concerns, improve operability and reliability, and avoid failure of aging components. (One project element is located in Camarillo.)                             | ~\$4M          | Design in progress |
| Salinity Management Pipeline, Phase 3          | Approximately 5 miles of 24" PVC pipe from the intersection of Upland and Lewis Rds. to Santa Rosa and Hill Canyon Rds.  | ~\$21M         | CEQA in progress   |
| Calleguas-Ventura Interconnection              | Approximately 7 miles of 36" pipeline connecting the City of Ventura and Calleguas water systems, connecting to Calleguas' system near the intersection of Camino Tierra Santa and Via Zamora. | ~\$21.5M       | Design in progress |

Please contact me at (805) 579-7156 or [fbaez@calleguas.com](mailto:fbaez@calleguas.com) if you have any questions or need additional information.

Sincerely,

A handwritten signature in blue ink, appearing to read "F. Baez", is written over a horizontal line.
