Subject: Five Year Capital Improvement Projects

Dear Mr. Vacca:

The following is provided in response to your letter dated March 14, 2022 requesting information on capital projects. Calleguas has the following projects planned in Camarillo in the next five years.

Project	Location and Description	Estimated Cost	Project Status
OSR, LPF, and Misc. Valve Improvements	Rehabilitation, replacement, and upgrade improvements to address surge concerns, improve operability and reliability, and avoid failure of aging components. (One project element is located in Camarillo.)	~\$5.6M	Construction underway
OSR Feeder and Santa Rosa Hydro Improvements	Improvements to address surge concerns, improve operability and reliability, and avoid failure of aging components. (One project element is located in Camarillo.)	~\$4M	Design in progress
Salinity Management Pipeline, Phase 3	Approximately 5 miles of 24" PVC pipe from the intersection of Upland and Lewis Rds. to Santa Rosa and Hill Canyon Rds.	~\$21M	Preliminary design in progress
Calleguas-Ventura Interconnection	Approximately 7 miles of 36" pipeline connecting the City of Ventura and Calleguas water systems, connecting to Calleguas' system near the intersection of Camino Tierra Santa and Via Zamora.	~\$21.5M	Preliminary design in progress

Please contact me at (805) 579-7173 or [kmccaffrey@calleguas.com](mailto:kmccaffrey@calleguas.com) if you have any questions or need additional information.

Sincerely,

A handwritten signature in black ink, appearing to read "K. McCaffrey".

Kristine McCaffrey, P.E.  
Manager of Engineering
