

## **RESOLUTION NO. 2022-**

### **A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CAMARILLO, CALIFORNIA, SETTING THE AMOUNT OF WATER RATES AND CHARGES IN THE CITY OF CAMARILLO**

The City Council of the City of Camarillo resolves as follows:

**SECTION 1:** The City Council of the City of Camarillo finds and declares as follows:

A. The City Council has duly received and considered oral and documentary evidence concerning the jurisdictional facts in this proceeding concerning the necessity for the contemplated water rates and charges.

B. This Resolution is exempt from the California Environmental Quality Act pursuant to sections 21080(b)(8) of the California Public Resources Code and Title 14, Section 15273 of the California Code of Regulations because it establishes, modifies, structures, or restructures, and approves rates and charges for the purposes of: (1) meeting operating expenses; (2) purchasing supplies, equipment and materials; (3) meeting financial requirements; and (4) obtaining funds for capital projects necessary to maintain service within existing service areas.

**SECTION 2:** Based upon the testimony and other evidence received before it, and upon the study and investigation made by the City Council and upon its behalf, the City Council further finds as follows:

A. The City requires a reliable supply of water meeting current and anticipated water quality standards to protect the public general welfare, health and safety.

B. The purpose of water rates and charges is to ensure that adequate funding is provided to protect the public health, safety and general welfare through the provision of a reliable and adequate supply of water meeting current and anticipated water quality standards for City residents and other City water customers.

C. There is a reasonable relationship between the amount of the rates and charges and the cost of services and facilities necessary to deliver water service to the residents and non-residential development of the City.

**SECTION 3:** Based upon the foregoing facts and findings, the City Council of the City of Camarillo does hereby resolve, determine, and order as follows:

A. Amount of Rates and Charges. The amount of water rates and charges shall be as set forth in Exhibit "A", City Water System Rates and Charges, effective July 1, 2022, and Exhibit "B", Airport Water System Rates and Charges, effective July 1, 2022.

**SECTION 4:** If any section, subsection, subdivision, sentence, clause, phrase, or portion of this Resolution, is for any reason held to be invalid or unconstitutional by the

decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Resolution. The City Council hereby declares that it would have adopted this Resolution, and each section, subsection, subdivision, sentence, clause, phrase, or portion thereof, irrespective of the fact that any one or more sections, subdivisions, sentences, clauses, phrases, or portions thereof be declared invalid or unconstitutional.

**SECTION 5:** That the City Clerk shall certify as to the adoption of the Resolution.

PASSED AND ADOPTED May 11, 2022.
