## **AGENDA REPORT**

Date: December 11, 2024

To: Honorable Mayor and City Councilmembers

From: Greg Ramirez, City Manager

Submitted by: Dave Klotzle, Public Works Director

Subject: Camarillo Signal Painting and Yellow Borders Project (TM-2024-3)  
– Award of Contract

---

### **BACKGROUND**

Specification No. TM-2024-3, Camarillo Signal Painting and Yellow Borders Project will provide painting of signal heads, pedestrian housings, and pushbutton assemblies, as well as the installation of reflective yellow borders on each signal head at 23 signalized intersections on Las Posas Road and Santa Rosa Road. The existing traffic signal equipment at the project locations is weathered and needs to be protected to extend its useful life. The upgrades will increase signal visibility enhancing safety for pedestrians and motorists.

### **DISCUSSION**

On September 28, 2024, staff advertised a Notice Inviting Bids in the Camarillo Acorn and posted on the City of Camarillo PlanetBids portal Specification No. TM-2024-3, Camarillo Signal Painting and Yellow Borders Project.

On October 18, 2024, staff received one bid uploaded to the City of Camarillo PlanetBids portal as shown in the table below:

<b>Name of Bidder</b>	<b>\$ Amount of Bid</b>
Streetlight Restoration Specialists. – Simi Valley, CA	\$187,860

Staff recommends awarding a standard public works contract to Streetlight Restoration Specialists in the amount of \$187,860 and authorizing a 10% contingency of \$18,790 for unforeseen change orders that may be required for a total authorized expenditure of \$206,650.

## **FISCAL IMPACT**

Funds for Specification No. TM-2024-3, Camarillo Signal Painting and Yellow Borders Project and contingencies are included in Public Works Traffic Signal Contract Services Account No. 101-3130-431.35-71 in the amount of \$206,650.

## **CEQA DETERMINATIONS**

Specification No. TM-2024-3, Camarillo Signal Painting and Yellow Borders Project is not subject to California Environmental Quality Act (CEQA) review pursuant to Section 15301 of the CEQA Guidelines, which exempts from CEQA review projects that consist of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographic features involving negligible or no expansion of existing or former use. This agenda item meets the criteria for this exemption because the work performed includes maintenance and minor alterations of existing City structures.

## **RECOMMENDATION**

1. Find Specification No. TM-2024-3, Camarillo Signal Painting and Yellow Borders Project exempt from review under the California Environmental Quality Act (CEQA) pursuant to Section 15301 of the CEQA Guidelines; and
2. Authorize the City Manager to execute Public Works Contract No. 2024-191 with Streetlight Restoration Specialists in the amount of \$187,860 and execute contract change orders for project contingencies in the amount of \$18,790 for a total authorized expenditure of \$206,650.

## CITY OF CAMARILLO PUBLIC WORKS CONTRACT (Informal Bid Work)

This contract ("**Contract**") is effective as of December 11, 2024, and is between the CITY OF CAMARILLO, a California general law city and municipal corporation ("**City**"), and Streetlight Restoration Specialists a California corporation ("**Contractor**"), collectively referred to as the "Parties."

**Section 1. Recitals.** This Contract is entered into with respect to the following facts:

- 1.1 City received a proposal for the work involved in Project No. TM-2024-3 Camarillo Signal Painting and Yellow Borders Project ("**Project**"), which is more fully described in the Contract Documents defined below.
- 1.2 Contractor represents it is qualified to perform all of the work required to complete the Project.
- 1.3 Contractor agrees to perform all such work in the time and manner set forth in the Contract Documents.

**Section 2. Contract Documents.** This Contract consists of the following documents ("Contract Documents"), all of which are made a part of this Contract:

- 2.1 Proposal, as accepted, including the List of Subcontractors (if any)
- 2.2 Notice to Proceed
- 2.3 This Contract
- 2.4 Verification of California Contractor's License
- 2.5 Certificate of DIR Contractor Registration
- 2.6 Certificate Regarding Workers' Compensation
- 2.7 Security for payment (labor and materials)

**Section 3. The Work.**

- 3.1 The work (“**Work**”) to be performed by Contractor is described in the Contract Documents set forth in Exhibit A (“Scope of Work”), which is made a part of this Contract.
- 3.2 In completing the Work, Contractor must employ, at a minimum, the applicable generally accepted professional standards of its industry in existence at the time of performance as utilized by persons engaging in similar work.
- 3.3 Except as specifically provided in the Contract Documents, Contractor must furnish, at its sole expense, all of the labor, materials, tools, equipment, services and transportation necessary to perform all of the Work.
- 3.4 Contractor must perform all of the Work in strict accordance with the Contract Documents.

**Section 4. Time to Perform the Work.**

- 4.1 Time is of the essence with respect to Contractor’s Work. Contractor agrees to diligently pursue performance of the Work within the time specified by the Contract Documents.
- 4.2 Contractor will be excused from any delay in performance or failure to perform due to causes beyond the control of Contractor. Such causes include, but are not limited to, acts of God, acts of terrorism, acts of federal, state or local governments, acts of City, court orders, fires, floods, epidemics, strikes, embargoes, and unusually severe weather.
- 4.3 If Contractor is delayed by any cause beyond Contractor’s control, City may, but is not required to, grant a time extension for the completion of the Work. If delay occurs, Contractor must notify City in writing within 48 hours of the cause and the extent of the delay and how such delay interferes with Contractor’s performance of the Work.

**Section 5. Compensation and Payment.**

- 5.1 Subject to any limitations provided in the Contract Documents, City agrees to pay Contractor as full consideration for the faithful performance of all of the Work the compensation set forth in Exhibit B (“**Compensation**”), which is made a part of this Contract.

CONTRACT

Page 2

CC AGREEMENT NO 2024-191

- 5.2 Contractor must furnish City with a Pay Estimate for the Work performed in accordance with the Contract Documents. Contractor may not submit a Pay Estimate more often than once every 30 days.
- 5.3 City will review each Pay Estimate and determine whether the Work performed is in accordance with the Contract Documents. The Director of Public Works ("**Director**") may require Contractor to provide a release of all undisputed Contract amounts contained in the Pay Estimate.
- 5.4 If City disputes any item on a Pay Estimate, City will give Contractor notice stating the reasons for the dispute. The Parties will meet and confer in good faith to attempt to resolve the dispute.
- 5.5 Except as to any charges for the Work performed that City disputes and the City's standard five-percent retention of the approved progress payment, City will cause Contractor to be paid within 30 days of the date of the invoice or the date that Contractor furnishes City with a release of all undisputed Contract amounts, whichever occurs later. Federally funded projects will not have a five-percent retention.
- 5.6 In the event there is any claim specifically excluded by Contractor from the operation of any release, City may retain an amount not to exceed the amount of the excluded claim.

**Section 6. Labor Code and Prevailing Wage Requirements.**

- 6.1 Contractor agrees to comply with the requirements of California Labor Code sections 1810 through 1815. Eight hours of labor constitutes a legal day's work per Labor Code section 1810. Contractor will forfeit the statutory penalty to City for each worker employed in the execution of this Contract by Contractor or any subcontractor for each calendar day during which such worker is required or permitted to work more than eight hours in any one calendar day and 40 hours in any one calendar week in violation of the provisions of Labor Code sections 1810 through 1815.
- 6.2 Copies of the determination of the Director of the Department of Industrial Relations of the prevailing rate of per diem wages for each craft, classification or type of worker needed to execute this Contract are available for download from the State website: <http://www.dir.ca.gov/OPRL/dprevwagedetermination.htm>.
- 6.3 Contractor must post at the work site, or if there is no regular work site then at its principal office, for the duration of the Contract, a copy of the determination by the Director of the Department of Industrial Relations of the specified prevailing rate of per diem wages. (Labor Code § 1773.2.) When applicable, copies of the prevailing rate of per diem wages will be on file at City's Department of Public Works and available to Contractor and any other interested party upon request.
- 6.4 Contractor, and any subcontractor engaged by Contractor, may pay not less than the specified prevailing rate of per diem wages to all workers employed in the

CONTRACT

execution of the contract. (Labor Code § 1774.) Contractor is responsible for compliance with Labor Code section 1776 relative to the retention and inspection of payroll records.

- 6.5 Contractor must comply with all provisions of Labor Code section 1775. Under Section 1775, Contractor will forfeit the statutory penalty to City for each worker employed in the execution of the Contract by Contractor or any subcontractor for each calendar day, or portion thereof, in which the worker is paid less than the prevailing rates. Contractor may also be liable to pay the difference between the prevailing wage rates and the amount paid to each worker for each calendar day, or portion thereof, for which each worker was paid less than the prevailing wage rate.
- 6.6 Nothing in this Contract prevents Contractor or any subcontractor from employing properly registered apprentices in the execution of the Contract. Contractor is responsible for compliance with Labor Code section 1777.5 for all apprenticeable occupations. This statute requires that contractors and subcontractors must submit contract award information to the applicable joint apprenticeship committee, must employ apprentices in apprenticeable occupations in a ratio of not less than one hour of apprentice's work for every five hours of labor performed by a journeyman (unless an exception is granted under § 1777.5), must contribute to the fund or funds in each craft or trade or a like amount to the California Apprenticeship Council, and that contractors and subcontractors must not discriminate among otherwise qualified employees as apprentices solely on the ground of sex, race, religion, creed, national origin, ancestry or color. Only apprentices defined in Labor Code section 3077, who are in training under apprenticeship standards and who have written apprentice contracts, may be employed on public works in apprenticeable occupations.
- 6.7 Contractor has reviewed and agrees to comply with any applicable provisions for any public work subject to Department of Industrial Relations (DIR) Monitoring and Enforcement of prevailing wages, including the registration requirements of Labor Code Section 1771.1(a). City hereby notifies Contractor that Contractor is responsible for submitting certified payroll records directly to the State Compliance Monitoring Unit (CMU). For further information concerning compliance monitoring please visit the website location at: <http://www.dir.ca.gov/dlse/cmu/cmu.html>.
- 6.8 Contractor must comply with Labor Code section 1771.1(a), which provides that Contractor may award any contracts and subcontracts for work that qualifies as a "public work" only to subcontractors which are at that time registered and qualified to perform public work pursuant to Labor Code section 1725.5. Contractor must obtain proof of such registration from all such subcontractors."
- 6.9 If federal funds are used to pay for the Work, Contractor and any subcontractor agree to comply, as applicable, with the labor and reporting requirements of the Davis-Bacon Act (40 USC § 276a-7), the Copeland Act (40 USC § 276c and 18 USC §874), and the Contract Work Hours and Safety Standards Act (40 USC § 327 and following).

CONTRACT

**Section 7. Non-Discrimination.** Contractor, its officers, agents, employees, and subcontractors may not discriminate in the employment of persons to perform the Work in violation of any federal or state law prohibiting discrimination in employment, including based on the race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, of any person, except as provided under California Government Code section 12940. Contractor is responsible for compliance with this section.

**Section 8. General Legal Compliance.**

- 8.1 In performing the Work, Contractor must comply with all applicable statutes, laws and regulations, including, but not limited to, OSHA requirements and the Camarillo Municipal Code.
- 8.2 Contractor must, at Contractor's sole expense, obtain all necessary permits and licenses required for the Work, and give all necessary notices and pay all fees and taxes required by law, including, without limitation, any business license tax imposed by City.
- 8.3 Contractor must maintain a valid California Contractor's License throughout the term of this Contract.

**Section 9. Clayton and Cartwright Act Assignments.** In entering into this Contract or a contract with a subcontractor to supply goods, services, or materials pursuant to this Contract for the Project, Contractor and any subcontractor will be deemed to have offered and agreed to assign to City all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2, commencing with Section 16700 of Part 2 of Division 7 of the California Business and Professions Code), arising from purchases of goods, services, or materials for the Project. This assignment will be deemed made and will become effective at the time City tenders final payment to Contractor, without further acknowledgement by the Parties.

**Section 10. Independent Contractor.** Contractor is and will at all times remain as to City a wholly independent contractor. Neither City nor any of its officers, employees, or agents will have control over the conduct of Contractor or any of Contractor's officers, employees, agents or subcontractors, except as expressly set forth in the Contract Documents. Contractor may not at any time or in any manner represent that it or any of its officers, employees, agents, or subcontractors are in any manner officers, employees, agents or subcontractors of City.

**Section 11. Indemnification.**

- 11.1 Contractor agrees to the fullest extent permitted by law to (1) immediately defend and (2) indemnify City from and against, any and all claims and liabilities, regardless of the nature or type, that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of Contractor, or its officers, employees, agents, or subcontractors committed in performing any Work under

CONTRACT

this Contract or the failure to comply with any of the obligations of this Contract (collectively, “**Claims**”). The Claims subject to Contractor’s duties to defend and indemnify include, without limitation, all claims, actions, causes of action, proceedings, suits, losses, damages, penalties, fines, judgments, liens, levies, and associated investigation and administrative expenses. Such Claims also include defense costs, including reasonable attorneys’ fees and disbursements, expert fees, court costs, and costs of alternative dispute resolution.

- 11.2 Contractor’s duty to defend is a separate and distinct obligation from Contractor’s duty to indemnify. Contractor is obligated to defend City in all legal, equitable, administrative, or special proceedings, with counsel approved by City, immediately upon tender to Contractor of the Claim in any form or at any stage of an action or proceeding, whether or not liability is established. An allegation or determination that persons other than Contractor are responsible for the Claim does not relieve Contractor from its separate and distinct obligation to defend under this section. The obligation to defend extends through final judgment, including exhaustion of any appeals. The defense obligation includes an obligation to provide independent defense counsel if Contractor asserts that liability is caused in whole or in part by the negligence or willful misconduct of any City indemnified party. If it is finally adjudicated that liability was caused by the comparative active negligence or willful misconduct of any City indemnified party, then Contractor may submit a claim to City for reimbursement of reasonable attorneys’ fees and defense costs in proportion to the established comparative liability of the City indemnified party.
- 11.3 Contractor agrees that its defense and indemnification obligation under this section, includes the reasonable costs of attorneys’ fees incurred by the City Attorney’s office to monitor and consult with Contractor regarding the defense of any Claims, including providing direction with regard to strategy, preparation of pleadings, settlement discussions, and attendance at court hearings, mediations, or other litigation related appearances. City will use its best efforts to avoid duplicative attorney work or appearances in order to keep defense costs to a reasonable minimum.
- 11.4 Contractor agrees that settlement of any Claim will require the consent of City. City agrees that its consent will not be unreasonably withheld provided that Contractor is financially able (based on demonstrated assets) to fulfill its obligation to indemnify City for the costs of any such settlement as required under this Contract.
- 11.5 Contractor’s obligation to indemnify City applies unless it is finally adjudicated that the liability was caused by the sole active negligence or sole willful misconduct of a City indemnified party. If a Claim is finally adjudicated and a determination made that liability was caused by the sole active negligence or sole willful misconduct of a City indemnified party, then Contractor’s indemnification obligation will be reduced in proportion to the established comparative liability.
- 11.6 For the purposes of this section, “City” includes City’s officers, officials, employees and agents.

CONTRACT

- 11.7 The provisions of this section will survive the expiration or earlier termination of this Agreement.

**Section 12. Insurance.** Contractor agrees to have and maintain in full force and effect during the term of this Contract the insurance coverages listed in Exhibit C ("Insurance"), which is made a part of this Contract.

**Section 13. Notice.**

- 13.1 All written notices required or permitted to be given under this Contract will be deemed made when received by the other Party at its respective address as follows:

(Tel.) 805-468-5271  
(Email) [brian@streetlightrestoration.com](mailto:brian@streetlightrestoration.com)

- 13.2 Notice will be deemed effective on the date personally delivered or transmitted by facsimile or email. If the notice is mailed, notice will be deemed given three days after deposit of the same in the custody of the United States Postal Service, postage prepaid, for first class delivery, or upon delivery if using a major courier service with tracking capabilities.

- 13.3 Any Party may change its notice information by giving notice to the other Party in compliance with this section.

**Section 14. City Rights of Termination and to Complete the Work.**

- 14.1 The occurrence of any of the following is a default by Contractor under this Contract:

- 14.1.1 Contractor refuses or fails to prosecute the Work or any part thereof with such diligence as will insure its completion within the time specified or any permitted extension.

CONTRACT

- 14.1.2 Contractor fails to complete the Work on time.
  - 14.1.3 Contractor is adjudged bankrupt, or makes a general assignment for the benefit of creditors, or a receiver is appointed on account of Contractor's insolvency.
  - 14.1.4 Contractor fails to supply enough properly skilled workers or proper materials to complete the Work in the time specified.
  - 14.1.5 Contractor fails to make prompt payment to any subcontractor or for material or labor.
  - 14.1.6 Contractor fails to abide by any applicable laws, ordinances or instructions of City in performing the Work.
  - 14.1.7 Contractor breaches or fails to perform any obligation or duty under the Contract.
- 14.2 Upon the occurrence of a default by Contractor, City will serve a written notice of default on Contractor specifying the nature of the default and the steps needed to correct the default. Unless Contractor cures the default within 10 days after the service of such notice, or satisfactory arrangements acceptable to City for the correction or elimination of such default are made, as determined by City, City may thereafter terminate this Contract by serving written notice on Contractor. In such case, Contractor will not be entitled to receive any further payment, except for Work actually completed prior to such termination in accordance with the provisions of the Contract Documents.

**Section 15. Project Documents.** All data, drawings, maps, models, notes, photographs, reports, studies and other documents (collectively, "**Project Documents**") prepared, developed or discovered by Contractor in the course of performing any of the Work under this Contract will become the sole property of City. Upon the expiration or termination of this Contract, Contractor must turn over all original Project Documents to City in its possession, but may retain copies of any of the Project Documents it may desire.

**Section 16. General Provisions.**

- 16.1 Authority to Execute. Each Party represents and warrants that all necessary action has been taken by such Party to authorize the undersigned to execute this Contract and to bind it to the performance of its obligations.
- 16.2 Assignment. Contractor may not assign this Contract without the prior written consent of City, which consent may be withheld in City's sole discretion since the experience and qualifications of Contractor were material considerations for this Contract.
- 16.3 Binding Effect. This Agreement is binding upon the heirs, executors, administrators, successors and permitted assigns of the Parties.

CONTRACT

- 16.4 Integrated Contract. This Contract, including the Contract Documents, is the entire, complete, final and exclusive expression of the Parties with respect to the Work to be performed under this Contract and supersedes all other agreements or understandings, whether oral or written, between Contractor and City prior to the execution of this Contract.
- 16.5 Modification of Contract. No amendment to or modification of this Contract will be valid unless made in writing and approved by Contractor and by the City Council or City Manager, as applicable. The Parties agree that this requirement for written modifications cannot be waived and that any attempted waiver will be void.
- 16.6 Electronic Signatures; Counterparts. This Agreement and any amendment will be considered executed when the signature page of a party is delivered by electronic transmission. Such electronic signatures will have the same effect as an original signature. This Agreement may be executed in multiple counterparts.
- 16.7 Waiver. Waiver by any Party of any term, condition, or covenant of this Contract will not constitute a waiver of any other term, condition, or covenant. Waiver by any Party of any breach of the provisions of this Contract will not constitute a waiver of any other provision, or a waiver of any subsequent breach or violation of any provision of this Contract. Acceptance by City of any Work performed by Contractor will not constitute a waiver of any of the provisions of this Contract.
- 16.8 Interpretation. This Contract will be interpreted, construed and governed according to the laws of the State of California. Each party has had the opportunity to review this Contract with legal counsel. The Contract will be construed simply, as a whole, and in accordance with its fair meaning. It will not be interpreted strictly for or against either party.
- 16.9 Severability. If any term, condition or covenant of this Contract is declared or determined by any court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions of this Contract will not be affected and the Contract will be read and construed without the invalid, void or unenforceable provision.
- 16.10 Venue. In the event of litigation between the parties, venue in state trial courts will be in the County of Ventura. In the event of litigation in a U.S. District Court, venue will be in the Central District of California, in Los Angeles.

## **2. BASIS OF SPECIFICATIONS**

Unless otherwise noted in these Special Provisions, the basis of specifications for this project shall be the City of Camarillo EXHIBIT A.

Contractor is not allowed to park any vehicles or equipment at the City Corporation Yard.

The Contractor must always be responsible for maintaining the use of sidewalks and keeping the work area clear of debris.

**Traffic Signals may be placed on flash mode during working hours.**

## **3. WORK HOURS**

Work shall be done only on weekdays, Monday through Friday, excluding holidays, between 8:00 a.m. and 4:00 p.m. No contractor activity shall encroach into a moving lane of traffic between the hours of 7:00 a.m. and 8:30 a.m. or after 4:00 p.m., unless otherwise approved by the City Traffic Engineer. Night work between the hours of 9:00 p.m and 6:00 a.m. is allowed with permission by the City Traffic Engineer.

## **4. STORMWATER BEST MANAGEMENT PRACTICES (BMPs)**

Contractor must train employees and subcontractors on proper best management practices, general good housekeeping, and proper spill containment and cleanup. Before start of work, Contractor must provide city with written documentation of training. See the attached Trained Contractor Log form and training information.

No water from Contractor's operations such as potholing, conduit jacking and drilling, pavement/sidewalk cutting, and pavement washing shall be discharged to the stormwater drainage system or watercourses. The system includes streets, catch basins, curbs, gutters, ditches and manmade channels, and storm drains.

Construction wastewater must be contained, collected, and removed from the jobsite using sandbag berms, wet/dry vacuums, sump pumps or other equipment and procedures approved by the City.

Excavated material and concrete rubble must not be stockpiled in or near stormwater drainage devices or watercourses. Stockpiled excavation material must be covered during rainstorms. Building materials left on site should be placed on pallets and covered in event of rain. Do not store materials in the street or gutter area.

Vehicle and equipment washing and fueling must not take place at the jobsite.

The Contractor must inspect vehicles and equipment on each day of use. Leaks must be repaired off-site if possible. If necessary to repair on site, the runoff must be contained or the problem vehicle or equipment must be removed from the project site until repaired. If necessary, drip pans should be placed under the vehicle or equipment while not in use to catch and/or contain drips and leaks.

Contractor must have a spill prevention plan and spill cleanup materials readily available. Spills must be cleaned up immediately using dry methods if possible. Spill cleanup material must be properly disposed of. Refer to SC-11 Spill Prevention BMP from the California Stormwater Quality Association (CASQA) Stormwater Best Management Practice BMP Handbook for Municipal Activities, which is located at BMP Handbooks |

California Stormwater Quality Association. Contractor must keep a record of any spills. In addition, at the end of the project, the Contractor must certify that all contaminated materials have been properly disposed. Spill cleanup material must be properly disposed.

## **5. SEQUENCE OF WORK**

- a. Prior to City Council award, the selected Contractor will be required to submit required insurance documents (including endorsements that meet the Contract requirements), proof of a valid City of Camarillo business tax certificate, signed Contract (digitally signed via Hello Sign), and possess a valid California Class C-61/D-64 Light Pole Restoration contractor's license.
- b. City Council will award Contract.
- c. Contractor will submit payment/performance bonds.
- d. City will execute Contract once payment/performance bonds are provided.
- e. Contractor submits Typical Traffic Control Plans.
- f. Contractor obtains a no fee encroachment permit.
- g. Contractor submits a work schedule for City approval.
- h. City issues a Notice to Proceed and start of workdays period begins.

## **6. JOBSITE CONDITIONS**

It will be Contractor's responsibility to examine the jobsite where the work is to be performed. If any conditions are noted that might affect the execution of the job, those conditions must be brought to the attention of the City Traffic Engineer prior to commencing the work.

## **7. PROTECTION OF PROPERTY AND IMPROVEMENTS**

Contractor shall assume sole and complete responsibility for protection of public and private property in the vicinity of the jobsite. Contractor, at Contractor's expense, shall repair or replace to original condition all existing improvements within or in the vicinity of the jobsite which are damaged as a result of Contractor's operations.

## **8. TRAFFIC CONTROL**

Typical Traffic control plan for any lane closure includes all labor, tools, equipment, transportation and incidentals necessary to maintain and control all vehicular and pedestrian traffic through the construction site.

One traffic control plan must be typical for a right lane closure on a multilane arterial roadway with a bike-lane. One traffic control plan must be typical for a left turn lane closure on a multilane arterial roadway.

All such work must conform to the CA MUTCD Latest Edition.

All work area traffic control devices, materials and equipment must be in like new condition, as determined by the City Traffic Engineer.

The overall work-site traffic control, warning, and guidance effort shall be continuously monitored by Contractor for its adequacy in detouring traffic around or circulating traffic through the work area. Any deficiencies by Contractor in such monitoring, or correcting inadequate worksite signing, shall be considered just cause for the City Traffic Engineer or his representative to suspend the work.

The compensation for furnishing, placing, maintaining and removing traffic cones, telescoping tree flags, advanced warning signs, flagmen and other safety devices, as required for public safety or as directed by the City Traffic Engineer shall be included in the contract unit price paid for each item in the contract Bid Proposal and no additional compensation will be allowed therefore.

## **9. NOISE ABATEMENT**

A maximum noise level limit of eighty-five (85) decibels at a distance of fifty (50) feet shall apply to all construction equipment on or related to the project whether owned by Contractor or not. The use of excessively loud warning signals shall be avoided except in those cases required for the protection of personnel. The use of generators or other mechanical devices between the hours 5:00 p.m. and 8:00 a.m. shall not be permitted unless approved by the City Traffic Engineer.

## **10. LIQUIDATED DAMAGES**

Contractor will have One Hundred Eighty (180) working days to finish the painting of the intersections. The 180 working days will begin upon contractor after receiving the City issued Notice to Proceed. Liquidated damages of \$1,500 per calendar day will be assessed for everyday over the contract time limit.

## **11. MEASUREMENT AND PAYMENT**

The cost of all labor, material and equipment necessary to complete the work as described in the contract drawings, Specifications, and Special Provisions, shall be included in the prices for each bid item, either as a lump sum or by final quantities, whatever is indicated. The final payment quantities will be based on the actual amount of materials installed or measured on the job.

No separate payment will be made for work or other features as required in this Services Contract. Full compensation for such work and features shall be considered included in the prices for the items of work in the Bid Proposal, and no additional compensation will be allowed therefore.

## **12. WARRANTY**

- a. The labor and materials bond must remain in effect until expiration of six months after the period in which verified claims may be filed as provided in Civil Code section 9356, and the performance bond must be paid up and in effect for one year after the acceptance of the job by City in accordance with the guarantee required by Subsection 10.b, below.
- b. Besides warranties and guaranties otherwise required by the Contract Documents, Contractor warrants and guarantees all Work for a period of one (1) year after date of acceptance of the Work by City, unless a longer period is specified, and must repair or replace any or all such Work, together with any other Work, which may be displaced in so doing, that may prove defective in workmanship, materials or both within one (1) year from date of acceptance without expense whatsoever to City, ordinary wear and tear, unusual abuse or neglect excepted. The Engineer will give notice of observed defects with reasonable promptness. Contractor must notify the Engineer upon completion of repairs.
- c. In the event Contractor fails to commence the corrective work within ten (10) days after being notified in writing to do so by the Engineer and prosecute the corrective work to timely completion, City may proceed to have defects corrected and made

good at the expense of Contractor who must pay the costs and charges of such corrective work immediately on demand.

- d. If, in the opinion of the Engineer, defective work creates a condition that requires immediate corrective work, the Engineer will attempt to give the notice required by this Section. If Contractor cannot be contacted or does not comply with City's request for correction within a reasonable time as determined by the Engineer, City may, notwithstanding the provisions of this Section, proceed to make such corrective work, and Contractor will be liable for costs of such corrective work. Such action by City will not relieve Contractor of the warranties and guaranties provided in this Section or elsewhere in the Contract.

**EXHIBIT A**

**SPECIFICATION NO. TM-2024-3**

**CAMARILLO SIGNAL PAINTING AND YELLOW BORDERS PROJECT**

**1. DESCRIPTION**

The work to be performed consists of the Contractor furnishing all materials, equipment, tools, labor, and incidentals necessary for the proposed project, complete and in place. - Night work between the hours of 9:00 p.m. and 6:00 a.m. is allowed with permission by the City Traffic Engineer.

**5. SCOPE OF WORK**

**A. Preparation and Painting:**

- i. Surface preparation of all signal heads, pedestrian housings, and pushbutton assemblies shall be completed.

- ii. Surface preparation will be conducted to increase the efficacy of paint adhesion, including methods such as hand sanding, scraping, power tool cleaning, grinding, or laser removal.
- iii. The contractor shall mask off signs on the mast arm, including street signs, cameras, antennas, and surrounding items to prevent overspray.
- iv. The contractor shall complete the application of one (1) coat of 2-component Epoxy Primer (SW MacroPoxy 646 or PPG Amerlock 2) to the backs of all exposed metal areas of the visors/backplates.
- v. The contractor shall complete the application of one (1) coat of PPG's PSX700 Engineered PolySiloxane (color: solid green) to the back portion of the signal heads, mounting hardware, and pushbutton housing.
- vi. The contractor shall complete the application of one (1) coat of flat black acrylic Speedhide by PPG to the front side of the signal heads and outside of the visors.

**B. Reflective Yellow Borders:**

- i. The contractor shall complete the installation of one strip of 3M 2" yellow reflective tape around the perimeter edge of each signal head.

**C. Signal Head Repair**

- i. Any loose or damaged backplates shall be repaired and secured by the contractor. Any signal heads found to be non-repairable shall be reported to the City Traffic Engineer the following working day.

**6. MATERIALS**

- The Contractor must provide all new materials required for the painting and installation of reflective yellow borders.
- The Contractor must provide a Certificate of Compliance and a One-Year Warranty for all work performed.

#### **ALTERNATE 2**

If a Unit Price Bid: "The total unit prices set forth in the bid and the actual measured quantities utilized for the Project as determined by the Director."

#### **ALTERNATE 3**

If both Lump Sum and Unit Price Bid: "The sum of \$187,860, and the amount due based upon the unit prices set forth in the bid and the actual measured quantities utilized for the Project as determined by the Director."

## **EXHIBIT C**

### **INSURANCE**

1. **General Requirements.** Contractor must procure and maintain in full force and effect during the term of this Contract the following types of insurance with coverage limits complying, at a minimum, with the limits set forth below:

<u>Type of Insurance</u>	<u>Limits (combined single)</u>
Commercial General Liability	\$2,000,000 / \$4,000,000 Aggregate
Business Automobile Liability	\$2,000,000
Workers' Compensation	Statutory Requirements

2. **Commercial General Liability Insurance.** This policy must meet or exceed the requirements of Insurance Services Office (ISO) CGL Form No. CG 00 01. The amount of insurance set forth above will be a combined single limit per occurrence for bodily injury, personal injury, and property damage for the policy coverage. The insurance must be on an "occurrence" not a "claims-made" basis. Defense costs must be paid in addition to limits. There must be no cross-liability exclusion for claims or suits by one insured against another.

Liability policies must be endorsed to name **City, its officials, employees and agents** as "**additional insureds**" under the insurance coverage.

The policy must state that such insurance will be deemed "primary" such that any other insurance that may be carried by City will be deemed "excess" to that of Contractor. This endorsement must be reflected on ISO Form No. CG 20 01, or equivalent form as determined by City.

Coverage must be applicable to City for injury to employees of Contractor, subcontractors, agents or others performing any part of the Work required under this Contract. Each policy must be endorsed to provide a separate limit applicable to this Project.

The Commercial General Liability policy must not contain any endorsements limiting coverage beyond the basic policy coverage for any of the following:

1. Explosion, collapse or underground hazard (XCU);
2. Products and completed operation;
3. Pollution liability; or
4. Contractual liability.

3. **Business Auto Coverage.** This policy must be on ISO Business Auto Coverage Form CA 00 01 including symbol 1 (Any Auto) and Endorsement CA 0025, or equivalent forms approved in writing by City. If Contractor neither leases nor owns vehicles, this requirement may be satisfied by a non-owned auto endorsement to the general liability policy described above. If Contractor or Contractor's employees will use personal autos

in any way on this Project, Contractor must provide evidence of personal auto liability coverage for each such person.

4. **Workers Compensation.** Contractor must have a State of California approved policy form providing the statutory benefits required by law with employer's liability limits, or Contractor must provide evidence of an approved self-insurance program.
5. **Other Insurance; Revisions to Insurance.** Contractor may be required to obtain such other insurance coverage as may be required by applicable law or by City. City reserves the right at any time during the term of the Contract to change the amounts and types of insurance required by giving Contractor 60 days advance written notice of such change. If such change results in substantial additional cost to Contractor, City and Contractor may renegotiate Contractor's compensation.
6. **Acceptable Insurers.** All required insurance policies must be issued by an insurance company currently authorized by the California Insurance Commissioner to transact the business of insurance in the State of California, with an assigned policyholders' Rating of A- (or higher) and Financial Size Category Class VII (or larger) in accordance with the latest edition of Best's Key Rating Guide, unless otherwise approved by the City's Risk Manager.
7. **Excess or Umbrella Liability Insurance (Over Primary).** If an excess or umbrella liability policy is used to meet limit requirements, the insurance must provide coverage at least as broad as specified for the underlying coverages. Any such coverage provided under an excess or umbrella liability policy must include a "drop-down provision" providing primary coverage above a maximum \$25,000 self-insured retention for liability not covered by primary but covered by the umbrella. Coverage must be provided on a "pay-on-behalf" basis, with defense costs payable in addition to policy limits. There may be no cross-liability exclusion precluding coverage for claims or suits by one insured against another. Coverage must be applicable to City for injury to employees of Contractor, its subcontractors or others performing work to satisfy Contractor's obligations under this Contract. The scope of coverage provided is subject to approval of City following receipt of proof of insurance as required herein.
8. **Certificates of Insurance and Endorsements.** Prior to commencing any Work under this Contract, Contractor must file with the City Certificates of Insurance and Endorsements evidencing the existence of all insurance required by this Contract, along with such other evidence of insurance or copies of policies as may reasonably be required by City. Such Certificates of Insurance and Endorsements must be in a form approved by City's Attorney. Contractor must maintain current certificates and endorsements on file with City during the term of this Contract reflecting the existence of all required insurance. Each of the certificates must expressly provide that no material change in the policy, or termination thereof, will be effective except upon 30 days' prior written notice to City.
9. **Failure to Maintain Required Insurance.** If Contractor, for any reason, fails to have in place at all times during the term of this Contract all of the required insurance coverage, City may, in addition to any other available remedies, (a) obtain such coverage at Contractor's expense and deduct the cost from the sums due Contractor, (b) make a claim against the Contractor's surety, or (c) terminate the Contract.

10. **Effect of Coverage.** The existence of the required insurance coverage under this Contract will not be deemed to satisfy or limit Contractor's indemnity obligations under this Contract.
11. **Higher Limits of Insurance.** If Contractor maintains higher limits of insurance than the required amounts shown in Section 1 above, then such amounts will be the minimum required under this Agreement.

**CERTIFICATE OF CALIFORNIA**
